Bat and Bottle

Bat and Bottle are specialist importers of Italian wine: Winner of the 2021 Decanter Retailer Awards "Best Italian Wine Merchant" in the UK, runner up in 2022 and also runner-up both years for UK's "Best Subscription Wine Club."

A treasure chest for those who delight in the unusual, we seek out wines made by individuals who cherish history, tradition and the unique character of their terroir. We are a husband and wife team who try to be serious when buying, but never too serious when selling. We hope you enjoy our wine selection and maybe even become a member of our very special Wine Club that enables us to bring these authentic, individual, beautiful wines into the UK. We look forward to meeting you in person in the Oxford Union Debating Chamber this September.

Château Capion

Nestling in the renowned Gassac valley near Aniane, and under new ownership since 2016, contemporary Château Capion has already produced a range of reds, whites and rosés that are helping to forge an entirely new identity for Languedoc wine. Indeed, consultant oenologist Claude Gros has called Capion "extraordinary white wine terroir", and our 2017 white bearing the estate's name is a Decanter Platinum medal winner (98 points). On 55ha across three sites with diverse geological zones around the Terrasses du Larzac, we use the expertise of biodynamic specialists Claude and Lydia Bourguignon to manage soil health and practise sustainable viticulture. We also carry out manual harvesting and micro-parcel selection. Château Capion was certified organic in 2020.

Flavours of Spain

Flavours of Spain are specialist importers of small-batch Spanish wines from producers that practice sustainable viticulture and minimal intervention in winemaking, without the use of herbicides, pesticides or other harmful chemicals. Their sister company, L'Oculto, an independent Spanish restaurant based in South-East London showcase their full range of wines to a wine-loving neighbourhood crowd who have enjoyed their diverse list of wines since their launch in 2019.

We source and import directly from wine growers all over Spain. Many of the growers we work with are pioneering individuals who have replanted nearly extinct, indigenous grape varieties, reinstated old wine-making traditions and also experimented with new techniques. Whichever methods they're using, these winemakers produce wines that genuinely reflect their region, the terroir and indeed their own personalities, which is why we love to work with them.

Awarded THE BEST SPANISH SPECIALIST RETAILER in 2018 and 2019 by Decanter and shortlisted in 2020, 2021 and 2022.

Grape Minds

Grape Minds was formed by two friends Graeme Woodward and Michael Jelley in 2018 who share a love of wine and a love of retail and wanted to bring both great wine and a great independent retailer to Oxfordshire. Fast forward 5 years and they have two sites, Summertown and Wallingford, and have developed a reputation for sourcing superb wines from around the world, the vast majority imported directly from the winery ensuring the best quality possible at all price points. In addition, they are well known for hosting incredible private and public tasting events whilst also developing their wholesale offering, free nationwide delivery and much much more! Both owners have tasted every single wine and if they don't love them, they don't stock them...what a job! 2023 has seen them open Summertown Wine Bar, a 100+ cover wine bar in the heart of Summertown, on the Banbury Road.

At the festival in 2023 they are showcasing a selection of their Portuguese and Spanish wines.

Podere Sant'Alberto

A family-owned estate, Podere Sant'Alberto is located north of Siena, between the fortified villages of San Gimignano, Monteriggioni and Castellina in Chianti. The estate covers 12 hectares of mixed woodland, olive groves and vineyards on sloping terrain of limestone and clay at an elevation of around 250 metres.

The Podere has 2.5 hectares of vines, all the work in the vineyard and cantina is carried out traditionally; by hand and organically. Our native old vine varietals produce naturally low yields which results in extremely vibrant and concentrated expressions.

Prosecco DOC

With a floral and fruity aroma, and a fresh, light and lively taste, Prosecco DOC is the symbol of simple, refined drinking, and so much a part of the 'Made in Italy' lifestyle. The predominantly Glera vines that produce Prosecco are found exclusively in north-east Italy, in Veneto and Friuli-Venezia Giulia, between the Dolomites and the Adriatic Sea. The climate, the soil and the winemaking tradition combine to create this unique wine.

Prosecco DOC Consortium are delighted to bring Italy to Oxford in association with The Oxford Wine Festival and following the success of our Prosecco DOC Masterclass in 2022, which had such a fantastic audience, as well as a great atmosphere we wanted to come back with an even larger presence this year!

You can sign up for this year's masterclass which will be at 6.30pm on Friday evening. We also look forward to you visiting our Prosecco DOC feature in the Old-World Tasting Room, where we will be featuring a range of producers and showcasing their different styles across our white and rosé Prosecco. We would be pleased to tell you more about Prosecco DOC wines, the background stories, sustainability, wine tourism, food pairings, cocktails and more!

Southern Wine Roads

SOUTHERN WINE ROADS was founded in 2014 with the aim to promote Greek wine in the UK through trade. Wine is a superb quality product for Greece and of a rich, uninterrupted tradition that we believe we know pretty well. Eight years on, we have been recognised for the quality and breadth of our selection, as well as a game changer for the region. We showcase a wide range of the country's subregions, from North to South and East to West, including many islands, as well as diverse wine styles, from classic to skin contact & amphora fermented with a variety of sweet & fortified wines and a majority of organic and low intervention labels. We work outside the beaten path of 'touristic' Greek wine and we offer great value labels that come with full details & background information.

Winewizard

Winewizard | The Revolution of Ageing Wine in Seconds

Our unique 3-in-1 technology begins with pure air, which we meticulously rebalance by adjusting the percentages of oxygen, nitrogen, and other gases. With a gentle squeeze of the trigger, millions of micro-bubbles are diffused into the wine, effectively increasing the surface area by an astonishing 10,000 times. To visualize this process, please take a moment to watch our demonstration video here.

This patented combination of rebalanced air and increased surface area enables immediate interaction between the oxygen and essential compounds found in the wine, mimicking the natural aging process that occurs over time in the bottle. As a result, our Winewizard aerator elevates the flavours, softens the tannins, and enhances the mouthfeel of the wine, truly unlocking its full potential and allowing it to become the wine it was destined to be.

Babylonstoren

Babylonstoren is one of the oldest Cape Dutch farms, dating back to 1692. It has a fruit and vegetable garden of beauty and diversity, unique accommodation, fine food and a sense of wellbeing. Our wines are produced in a state-of-the-art winery and are made to showcase the soils and climate where its grapes are grown. We have 88 hectares under vine and produce 13 different grape varieties with our highest vines – pinot noir and chardonnay – lying against Simonsberg at some 600 metres above sea level.

Our wines are best exemplified by the Babylonstoren logo, which consists of the pipe (representing the farmer), the flower (representing the garden) and the bird (representing nature). It is a combination of the very essence of Babylonstoren – keeping things simple and as true to the earth as possible. “It is this that we strive to achieve in our wine,” says Charl Coetzee. “Truth to the area we are situated in on the slopes of Simonsberg, and simplicity by making elegant and balanced wines as natural as possible.”

The Thames and Chilterns Vineyards Association

The Thames and Chilterns Vineyards Association (T&CVA) was formed in 1988 to further the interests of the vineyards, viticulturalists and winemakers in the area. Today the Thames and Chilterns Vineyards Association has members spread between commercial vineyard owners, viticulturalists, winemakers and others with a general interest in viticulture and oenology.

The Association has members residing in the counties of Berkshire, Buckinghamshire, Hampshire, Hertfordshire, Northamptonshire, Oxfordshire, Surrey and Greater London. We are members of WineGB, the National body for English and Welsh Wines who hold meetings and workshops throughout the year on topics associated with viticulture and oenology. Member vineyards regularly compete in regional, national and international wine competitions and we regularly have winners from our region in the Wine GB and Welsh Wine of the Year Competition.

Winding Wood Vineyard

We are a boutique vineyard situated in the beautiful west corner of Berkshire between Hungerford and Newbury. Our vines were planted in 2013 on free draining loam over flint and chalk. The wine is made from the classic champagne varieties and undergoes the traditional method of making with two fermentations: one in oak barrel and second in the bottle.

We are two years 'in transition' to becoming an organic vineyard, hand-in-hand with embracing a biodynamic approach towards both the land and vines. This includes using regenerative growing methods, spraying no synthetic chemicals, nor tilling under the vine.

Solaris Wines

Solaris Wines is a young wine company continually looking to bring 'different' wines into the UK. Working with small producers we seek authenticity, points of difference and a clear quality/value relationship in the wines we select. We continue to look for new partners and expect our portfolio to develop further as we find new opportunities to launch on our clients. Indeed this quest has taken us into the world of GIN and in 2021 we commenced working with the BROKEN BONES distillery in Slovenia. At this year's OXFORD WINE FESTIVAL we will be showing a range of wines from the Bodegas Nabal, Ribera del Duero: Prince Stirbey and Cramer Oliver Bauer, Romania: Tilia Estate, Slovenia: Bodegas Vinaguarena, Toro and a superb dessert Riesling from Weingut Dr.Crusius, Nahe.

Tiwari House

Nestled in the volcanic hills of Lake Balaton, Hungary, Tiwari House fuses British sophistication with unique Hungarian terroir. Our 70-year-old vines, nurtured by mineral-rich soils and a distinctive microclimate, give life to rare, indigenous grapes. Established in 2015, our family-owned eco-friendly winery crafts wines through the concept of "Unwritten Poem" - a tale of heritage, terroir, and the wine's mystical journey. We present award-winning, preservative-free, vegan and organic wines, each vintage unfurling its singular tale. Tiwari House wines aren't mere beverages; they're an unwritten poem awaiting your verses. Savour our wines, complete their journey, and script your own unforgettable story.

Wines of Bohemia

Wines of Bohemia is an online wine merchant, bringing you the best wines from the Czech and Slovak Republic. At Wines of Bohemia, our bottles are handpicked for the finest quality and we only work with the best local winemakers - usually small, family-run businesses. Because of this, our wines are produced in very small batches, making them unique.

We have a wide variety of wines, from unique Czech crossings to other internationally well-known grapes. The Czech wine region's geographical position lies on the same level as Burgundy, which allows wines to compete with more acknowledged wine regions. The exclusivity of our wines has been proven by success at wine competitions across the whole world.

In addition, the boutique wines we offer always give an opportunity to make your wine list even more exceptional. We also provide private labelling with our signatred partners. www.bohemiawine.com

English Vineyards Room

All Angels

Our multi-award winning, English sparkling wines are made exclusively from grapes grown in just 6 hectares of breathtaking, sustainably nurtured, historic West Berkshire countryside. Each vineyard is carefully cultivated to unify the essence of its location and the character of the grape varieties, with the spirit of the growing season; coming together to produce unique expressions every year. Just 5 minutes outside of Newbury, Church Farm resides in an area of historic depth. It played a crucial role in the English Civil War and has stunning views over iron age forts, Coombe Gibbet, Highclere Castle and Beacon Hill (Watership Down) to name just a few. Visit us from April to October on one of our pre-scheduled vineyard tours & tastings or by appointment for private & corporate tours and cellar door sales. See our website for more details:

Black Chalk

Nestled amongst the hills of the glorious Test Valley, in the heart of the Hampshire countryside, lies Black Chalk. We have been making top quality English Sparkling Wine since 2015 and in 2020 we built our new home - a state of the art Winery, Tasting room and Shop. Surrounding the winery in the rolling Hampshire Chalk lands are our 30 acres of stunning vineyards spanning three sites: Rivers, Levels and Hide, all are situated on shallow soils above solid chalk that provide a purity we believe is the foundation of our quality wines. We grow 34 different clone and rootstock combinations of Chardonnay, Pinot Noir, Pinot Meunier, Pinot Précoce and Pinot Gris in our vineyards. These combinations provide an array of quality wine profiles and we treat as many as we can separately. From the resulting base wines we create a number of small batch Still and Sparkling wines. www.blackchalkwine.co.uk

Exton Park

Nestled amongst the rolling chalk hills of the Meon Valley in Hampshire, Exton Park's 60 acre single-vineyard produces award-winning English sparkling wine. We are passionate about quality and provenance, and proud to be one of the few single estate producers in Britain. All of our grapes are grown and hand-selected by us and our wines are artfully blended, aged, and prepared by our winemaker in our estate winery. We've spent the past decade developing our signature Reserve Blend range to guarantee consistency of taste and quality every year. The range draws on our 10-year library of reserve wines that we have curated and stored in our winery since 2011. www.extonparkvineyard.com.

In the Loop

We are In the Loop drinks, a very small winery in Uckfield, East Sussex that makes English Vermouth. We are the proud producers of the first range of 'All English' Vermouth that showcases English wine expertly blended with only English botanicals.

We work with the wineries around us for the base wine, which we then fortify and flavour in house. Most of the botanicals we use we grow ourselves or forage for, and we use them fresh, extracting a pure and vibrant flavour which we layer over some truly lovely base wines.

We hope you enjoy sampling some very 21st century vermouth! www.intheloopdrinks.co.uk

Saddle Goose

Saddle Goose is a small craft wine company based in Kent, producing around 4000 bottles per year, made with minimal intervention. We're passionate about English grapes and wine production, pushing the boundaries of what's possible with English wine, whilst treading lightly on our environment. Finding inspiration from ancestral winemaking practices of old, we often blend that thinking with modern technology and winemaking. We also source the best possible quality local Kentish grapes to surprise people with what's possible from British wine! Our belief is that wine is a natural and constantly evolving product that reflects the vineyard where the grapes are grown, the UK climate, and the passion and craft of the winemaker. That's what makes each bottle so unique, as it paints a delicious picture of a time and place.
