### Barbadillo Sherry

It's been 200 years since Don Beningo Barbadillo returned from making his fortune in the Americas to the small seaside town of Sanlúcar de Barrameda. The winery he founded there in 1821 is still owned by the 7th generation of his family. Today Barbadillo are one of the leading producers of sherry. They own 12 Bodegas which are ageing 30,000 butts (500L) of Sherry. Much of this wine was grown on the Albariza soils in Barbadillo's 500Ha vineyard.

Sanlúcar is one of the three towns in the "sherry triangle" but unlike the others it has its own protected style - Manzanilla. This is thanks to its seaside position on the Atlantic Ocean. The humid sea breezes that blow into the town create "flor", a layer of yeast that floats on top of the wine in the cask. It's the "flor" that helps create Manzanilla's crisp, fresh and saline flavour. [www.barbadillo.com](http://www.barbadillo.com)

## Fells – Italian Wineries

Four leading wineries from Italy. From purchasing his first vineyard in Barolo valley in 1965, Renato Ratti was dedicated to respectful, yet innovative winemaking. Since then, he helped to define what Barolo has become today – one of the world's greatest wine regions. Barone Ricasoli is the oldest wine estate in Italy, established in the Chianti Classico region at Castello di Brolio in 1141. Over 850 years of Tuscan excellence and the originator of the Chianti recipe. Cantine Pellegrino is one of Sicily's most important and prosperous wineries. Today they are one of very few families who can trace their lineage back to the original 19th Century founders of the Marsala trade. The Tedeschi family is deeply rooted in the history of Veneto region since 1630. Four centuries of winemaking history and tradition.

## Rías Baixas

D.O. Rías Baixas is widely acknowledged as the heartland of Spain's most fashionable white grape variety, Albariño. 95% of all grapes grown here are Albariño grapes. Nestled up in the remote north west corner of Spain by the side of the Atlantic Ocean, Rías Baixas is also famous for its lush green landscape, steep terraced vineyards and granite 'pergolas', not to mention the cornucopia of fresh fish hauled daily out of the ocean just a stone's throw away!

This is an area which is a far cry from the Spain of popular imagination, and as such remains a relatively undiscovered region to all but a few "in the know". Yet the wine emanating from this delightful corner of Spain is certainly gaining recognition worldwide for its refreshing peach, elderflower, citrus and tropical fruit aromas and silken palate.

### Babylonstoren

Babylonstoren is one of the oldest Cape Dutch farms, dating back to 1692. It has a fruit and vegetable garden of beauty and diversity, unique accommodation, fine food and a sense of wellbeing. Our wines are produced in a state-of-the-art winery and are made to showcase the soils and climate where its grapes are grown. We have 88 hectares under vine and produce 13 different grape varieties with our highest vines – pinot noir and chardonnay – lying against Simonsberg at some 600 metres above sea level.

Our wines are best exemplified by the Babylonstoren logo, which consists of the pipe (representing the farmer), the flower (representing the garden) and the bird (representing nature). It is a combination of the very essence of Babylonstoren – keeping things simple and as true to the earth as possible. “It is this that we strive to achieve in our wine,” says Charl Coetzee. “Truth to the area we are situated in on the slopes of Simonsberg, and simplicity by making elegant and balanced wines as natural as possible.”

## Copper Crew

The Copper Crew is an award-winning canned wine start up, founded by childhood friends and gingers, Theo and Oli (hence the name!). We make all of our wines in South Africa, where our winemaker Sam Lambson oversees all aspects of wine production and canning. We currently produce a 2019 Chenin Blanc and Rosé, as well as a 2018 Merlot and a summer special edition, a 2020 Sauvignon Blanc.

Collectively, we've won 10 awards for our wines and been featured in The Times, The Telegraph, JancisRobinson.com and The FT. We chose to can our wines rather than bottle them because cans are more convenient, portion sized and have a lighter carbon footprint.

## Solaris Wines

Solaris Wines is a young wine company, looking to bring 'different' wines into the UK. Working with small producers we seek authenticity, points of difference and a clear quality/value relationship in the wines we select. To date this has taken us to producers in Spain, France, Italy, Germany, Slovenia and Romania. We continue to look for new partners and expect our portfolio to develop further as we find new opportunities to launch on our clients. Indeed this quest has taken us into the world of Gin as we have recently commenced working with the BROKEN BONES distillery in Slovenia. We intend to continue to provide 'different' and our portfolio will provide more opportunities for our clients to explore and enjoy new products. At this year's Oxford Wine Festival we will be showing a range of wines from the Tilia Estate, Slovenia: Prince Stirbey, Romania: Bodegas Nabal, Ribera del Duero and Weingut Dr Crusius, Nahe, Germany.

## Treaty Port

Chris & Tiffany Ruffle established Treaty Port Vineyards ([www.treatyport.com](http://www.treatyport.com)) in 2004 and planted 18 hectares of vines imported from France in 2005 and 2007. Wine has been made in the old treaty port of Chefoo (now called Yantai, Shandong) since the early 20th century, but this is the first vineyard planted on the granite slopes of Qiushan. A number of winemakers have followed Treaty Port's lead; Lafite planted its first vineyard in Asia on a neighbouring plot, producing its first vintage in 2017. It has taken several years to work out the varietals and cultivation methods best suited to the climate and local taste. The full harrowing story can be read in "A Decent Bottle of Wine in China", available on Amazon. Treaty Port wines are distributed in the UK through [www.therealwineco.co.uk](http://www.therealwineco.co.uk)

## White Castle Vineyard

White Castle Vineyard was established in 2008 by husband and wife team Robb and Nicola Merchant. The vineyard was established following the purchase of a field adjacent to the family's small holding, which was itself purchased in 1993. It was then Nicola started to dream about planting a vineyard. The first vines were planted in 2009 with further plantings in 2010 & 2019 taking the area to 2.25 ha now 7,000 vines. Training in viticulture was gained at Plumpton College East Sussex. The first harvest was in 2011 when White Castle gained Protected Designation of Origin (PDO) from Wine Standards, allowing its produce to be labelled Welsh Quality Wine.

The varieties now planted include Pinot Noir, Cabernet Franc, Regent, Rondo, Seyval Blanc, Phoenix, and Siegerrebe. This allows White Castle to produce a mix of red, white, rose, sparkling wines and their renowned "1581" Fortified Wines; with 60% of sales through their Cellar Door. The grapes are handpicked and pressed on the same day at the Three Choirs winery in Newent. White Castle restored its Grade II\* listed Croft Barn in 2015, which dates from the 16th Century. This is now used for events at the vineyard. As well as sales of wine from the vineyard shop, tours and wine tastings with food are offered. The aim is to give the customer a full experience.
