Bouchons & Co

Bouchons & Co was created in 2025 by French/British couple Jonathan and Zoë after we moved from the South of France to the UK and quickly realised we missed drinking proper, authentic wine at fair prices. Back home wine wasn't a luxury statement, it was part of our everyday life, and we couldn't find that same feeling here.

With our links and contacts in France, we started working directly with small, family-run vineyards, bringing their wines over to the UK without the usual mark-ups or corporate layers. What began as a simple idea to fix what we were missing has grown into something much bigger. Most of our wines are organic, and we care about keeping things as natural and honest as the people who make them.

Along the way we kept discovering new producers and new wines we genuinely loved. That's still what drives Bouchons & Co today – honest wine, fair prices, and real people behind every bottle. It's personal, still evolving, and we're only just getting started.

Domaine des Jeanne

Based in the heart of Provence's Luberon valley, Domaine des Jeanne is a small artisanal wine producer committed to a natural approach to viticulture and winemaking. The estate benefits from rich limestone soils and year-round Mediterranean sunshine, with vineyards positioned between mountains and sea. The team works with three carefully selected grape varieties - Grenache, Syrah, and Clairette - harvested early each morning to preserve maximum freshness. This attention to detail defines every stage of production, from soil to bottle.

The collection includes refreshingly crisp rosés with subtle complexity, elegant whites, and distinctive reds including their celebrated Légende limited-edition. Each wine reflects the character of the Luberon: sophisticated and authentic. Visit the vineyard to experience it firsthand, or discover their collection here today at the Oxford Wine Festival.

Grape Minds

Grape Minds was founded in 2018 by friends Graeme Woodward and Michael Jelley, combining a love of wine with a love of great independent retail. Their aim was simple: to create the kind of wine merchant they would want to shop in themselves, starting in their stomping ground of Summertown.

Eight years later, Grape Minds has shops in Summertown and Wallingford, a brilliant team of wine enthusiasts and a growing wholesale business supplying restaurants and venues across Oxfordshire. Nearly half of the wines are imported directly from wineries around the world, alongside an ever-changing selection sourced from some of the UK's best specialist importers.

In 2026, Grape Minds was named Independent Wine Retailer of the Year at the Drinks Retailing Awards, national recognition for a business that has always put interesting wines, great value and genuinely personal service at its heart.

Grape Minds is also a partner in OXTWO, the 2 AA Rosette small plates restaurant and wine bar on Banbury Road in Summertown. Bringing together exceptional food and wine, OXTWO has quickly become another important part of the Grape Minds story, whether through winemaker dinners, tastings, private events or simply enjoying a great bottle over dinner.

Wine education and events remain a huge part of what Grape Minds does, from relaxed shop tastings and private events to large-scale wine festivals and food-and-wine experiences. And despite the business getting rather bigger, one rule hasn't changed: Graeme and Michael still taste every wine before it reaches the shelves. If they don't love it, they don't stock it. It's a tough job...

At the Oxford Wine Festival 2026, Grape Minds will be showcasing a selection of current favourites from the shops, alongside a special focus on traditional German winemaking.

HF Drinks

We're not looking for the next famous winery. We're helping create it.

HF Drinks partners exclusively with ambitious, independent wineries that have yet to establish themselves in the UK. We don't build crowded portfolios or compete with existing brands. Instead, we work alongside each producer as their trusted UK partner, helping them build a lasting presence through genuine relationships, strategic growth and long-term thinking. Today, you're tasting the beginning of those journeys. Every bottle on our stand represents a winery taking its first steps into the UK market, carefully chosen not because it's already famous, but because we believe it deserves to be.

No crowded portfolios. No duplicate brands. Just remarkable wineries, genuine partnerships, and the opportunity to discover something before everyone else does.

Luca Wine

Luca Wine Limited is a small company, based in Pershore (Worcestershire) specialised in import of high-quality wines from Italy (mainly from Piedmont). Luca Wine can offer 90 types of wines (mostly organic certified). They are made by little winegrowers (family farmers), with passion and soul, in limited quantities. It offers a wide range of wines, less known denominations (Nizza, Roero, Dogliani, Derthona, Erbaluce, Gattinara and Faro) made from less known vine varieties (baratuciat, timorasso, nascetta, erbaluce, ruchè, pelaverga, freisa and grignolino) together with other famous vine varieties like barbera, dolcetto and nebbiolo.

The wines are recognized in several Italian Wine Guides and twelve of them have been awarded a bronze medal and three of them a silver medal by Decanter in the last two years. They are currently exported in USA, Canada, Japan, Germany, Norway, and other European countries.

Lynrace Popina

At Popina by Lynrace, Ancient Rome meets contemporary flavours in the heart of Oxford's historic Jericho district. Popina by Lynrace is a wine, cheese and charcuterie bar inspired by the popinae of Ancient Rome, which served wine and simple food to slaves, freedmen, foreigners, and those of the 'lower classes'.

Walking down Walton Street today, it's easy to forget that this was once a rough-and-tumble district that surged in the late 18th century around the Oxford Canal and provided the workforce for the Oxford University Press.

Popina evokes this popular history. Expect shelves of experimental and low-intervention bottles, alongside excellent expressions of classic styles, and proper, artisanal Italian cheese and charcuterie cut to order. Enjoy classic cocktails at our sister venue Lynrace Spirit just opposite, specialising in absinthe, rare and esoteric spirits and many a forgotten classic.

Rias Baixas

D.O. Rías Baixas is widely acknowledged as the heartland of Spain's most fashionable white grape variety, Albariño. 95% of all grapes grown here are Albariño grapes. Nestled up in the remote north west corner of Spain by the side of the Atlantic Ocean, Rías Baixas is also famous for its lush green landscape, steep terraced vineyards and granite 'pergolas', not to mention the cornucopia of fresh fish hauled daily out of the ocean just a stone's throw away! This is an area which is a far cry from the Spain of popular imagination, and as such remains a relatively undiscovered region to all but a few "in the know". Yet the wine emanating from this delightful corner of Spain is certainly gaining recognition worldwide for its refreshing peach, elderflower, citrus and tropical fruit aromas and silken palate. Come along and try for yourself!

The Case List

The Case List is a London-based wine buying club, built on the idea that great wines are better discovered and bought together. We source distinctive and underrated European wines directly from independent producers, many of which are rarely, if ever, available in the UK.

Throughout the year, members are invited to join seasonal club-orders, buying their favourite cuvées by the case or discovering carefully curated mixed cases. By grouping orders together, The Case List can offer attractive prices and give members access to exclusive wines that never make it onto traditional UK shelves.

The focus is firmly on quality, character and drinkability — from grower Champagne and elegant Burgundy to vibrant Loire whites and generous Rhône reds. No subscription, no complicated wine jargon and no endless catalogue. Just thoughtfully selected wines, straightforward ordering and the pleasure of discovering something genuinely worth drinking.

Vin Vinyards

Founded in 2015 following an inspiring visit to Uco Valley, Argentina, our vineyard is in the renowned Los Chacayes region of Mendoza. Drawn to the area by its natural beauty, welcoming hospitality, and unique terroir, we embarked on the journey of creating exceptional wines with the support of expert agronomists and sommeliers. Los Chacayes, officially recognised as a Geographical Indication by Argentina's National Institute of Viticulture in 2017, sits between 1,000 and 1,400 metres above sea level, providing ideal conditions for premium viticulture.

Château Vieux-Georget

Located in the heart of South Gironde, this family-run estate has been cultivated organically since 1984. Three generations share a single commitment: to reveal the soul of the terroir through elegant wines, vinified and bottled directly at the château. Preserved by the Da Fré family since 1960, the story continues with distinction. Our Les Essentiels collection expresses this organic terroir with clarity—featuring soft reds, crisp whites, and bright rosés crafted for everyday pleasure and conviviality.

Founded in 1997 by Michael Palij MW, Winetraders specialises in small family estates, with a particular emphasis on Italy and Spain.

We are pioneers for the hidden: the quiet achievers who dream big and deserve a bigger helping hand. We introduced Timorasso, Nero Buono, and Greco di Tufo to the UK market, proving that small can also be mighty. You can find our wines online at winetradersshop.com or at many independent wine shops. Whether cult favourites with a sprinkle of stardust, or polished highfliers, our estates always embrace the independent spirit.

Babylonstoren

Babylonstoren is one of the oldest Cape Dutch farms, dating back to 1692. It has a fruit and vegetable garden of beauty and diversity, unique accommodation, fine food and a sense of wellbeing. Our wines are produced in a state-of-the-art winery and are made to showcase the soils and climate where its grapes are grown. We have 88 hectares under vine and produce 13 different grape varieties with our highest vines – pinot noir and chardonnay – lying against Simonsberg at some 600 metres above sea level.

Our wines are best exemplified by the Babylonstoren logo, which consists of the pipe (representing the farmer), the flower (representing the garden) and the bird (representing nature). It is a combination of the very essence of Babylonstoren – keeping things simple and as true to the earth as possible. “It is this that we strive to achieve in our wine,” says Charl Coetzee. “Truth to the area we are situated in on the slopes of Simonsberg, and simplicity by making elegant and balanced wines as natural as possible.”

English Vineyards

1276 Wines

Based in the rolling Herefordshire hillsides, on sunny, south facing slopes, 1276 Wines is a young, innovative winery with a surprisingly long history. Grape growing and winemaking in the area date back to the late 13th century, when the first record of vineyard plantings appears in the year 1276. Our name recalls these ancient origins, while our sustainable viticulture and pioneering, low-intervention winemaking look to the bright future of English wine. We embrace a 'vine to bottle' philosophy, with every stage in the creation of our award-winning wines taking place at our vineyard and winery on the fringes of Ledbury. From planting the vines to labelling the bottles, every detail is meticulously handled by our viticulturist Scott Patterson, our winemaker Laurence Cocking and their talented teams, ensuring that every last drop of 1276 wine demonstrates the very best that this emerging wine region has to offer.

Flint Vineyard

At Flint, our approach balances on the razor edge of a freedom to create, focus, a respect for tradition, an unbridled curiosity to innovate and a dogged tenacity which results in the most exciting English wines. Whether it's our category-defying sparkling Charmat or our precision-made stills, everything we make reflects the drive, love and care that comes from the people behind the wines.

Ben Witchell established Flint from the ground up after committing to the life of a winemaker in 2009. From pinpointing a beautiful vineyard plot in one of the UK's driest and sunniest spots to, slowly but surely, creating from nothing what is now one of the most innovative wineries in the country. It doesn't stop there: continual evolution of techniques, melding innovation with tradition, developing novel wines that challenge the narrative. Flint is a place that doesn't sit still.

We'd love you to check out any of our wines. There is a story behind every one of them and it's there for you to enjoy. www.flintvineyard.com
